YOUR JOURNEY OF POSSIBILITIES

Introduction

Progress to university with NCC Education qualifications!

Originally established as an initiative by the British Government in 1966, NCC Education is a UK awarding body and global provider of education.

Working with some of the world's leading British academics and industry, the NCC Education qualification portfolio is continually expanding to align with the ever-growing needs of employers and higher education institutes alike.

NCC Education's Level 3 International Foundation Diploma for Higher Education Studies (L3IFDHES) is now recognised by over 100 universities, branch campuses, business schools and professional bodies for on-campus study in over 20 countries. Students are eligible to apply to Year 1 of undergraduate study in the UK, Australia, Canada, China, Cyprus, France, Germany, Hong Kong, Ireland, Japan, Malaysia, Mauritius, New Zealand, Singapore, Switzerland, UAE, USA, Uzbekistan and Vietnam (see pages 17-215).

Many NCC Education Level 3, 4 and 5 Diploma in Business and Level 3, 4 and 5 Diploma in Computing (with specialisms)

students choose to follow NCC Education's world-class top-up degree pathways in Business, Computing or Cyber Security through our global network of Accredited Partner Centres. As an alternative to this, NCC Education is proud to offer a number of university progression and articulation options from these Diplomas, enabling students to apply to Year 1 of an undergraduate degree or with advanced standing/credit exemptions towards Years 2 or 3 (see pages 216-313).

There are also a range of options at postgraduate level for Pre-Master's in Business and Level 7 Diploma in Business Management graduates (see pages 314-332).

If you need more advice on progression to further study with your NCC Education qualification, please contact your local Accredited Partner Centre or

customer.support@nccedu.com

Note: Many other universities accept NCC Education qualifications. This brochure only lists those who have issued NCC Education with a letter of recognition.

2025 UCAS Application Guide

Please see the following link for further support:

<https://www.ucas.com/undergraduate/applying-university/filling-your-ucas-undergraduate-application>

If you have any problems following the below steps, please contact UCAS or your centre directly for further help and advice: <https://www.ucas.com/contact-us>

1 TO GET STARTED

Visit the new UCAS Hub. Make sure you are on the 'Register' tab and then fill in your details to create an account:

<https://accounts.ucas.com/Account/Login>

2 Once you have registered on the UCAS Hub, you will be sent an email asking you to verify your account. Follow the instructions.

3 After verifying your account, you are ready to sign in. Return to <https://accounts.ucas.com/Account/Login> and go to the 'Sign in' tab.

4 Take some time to explore the UCAS Hub.

5 TO APPLY
Go to the home dashboard on your UCAS Hub profile.

6 Select the appropriate application year i.e. 2024 and click 'Start application' then 'Undergraduate'.

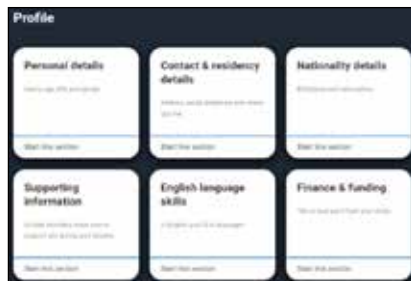

7 If your centre has a UCAS buzzword then add it, otherwise cancel and continue your application.

8 Add your university / degree choices (maximum of 5)

9 Complete all information fields

10 In the 'Education' section, click 'Add place of education'.

- 11** Type in the name of your centre. Select your centre - most international schools are not listed; if this is the case, type in the name of your centre and add it. Leave the exam centre number blank.

- 18** If you are studying any other NCC Education qualification, instead search for 'Other' and select an option based on your location (UK, EU, Non-EU). On the next page, in 'Subject/Title' type in the name of the qualification manually and add the name of the Awarding Organisation as 'NCC Edu' (the box may limit to 8 characters).

- 19** Select a qualification date (see your NCC Education transcript)

- 20** In 'Result' put your overall numerical grade (if you have it, if you don't have it yet you can leave it blank).

- 21** In 'Module title' type in the module title. Add the qualification date and the results if you have any for this qualification. You might not have them all yet in which can just leave any awaiting results blank. To add more, click 'add another module'.

- 22** **SAVE IT!**
You can add another qualification and come back to edit as needed.

- 23** The Unique Learner Number (ULN) can be left blank.

- 24** For the section 'English language certificates', complete the relevant TOEFL or IELTS section, or add any other accept English-language test in the 'Add qualification' section. Please ensure to check each individual course page for which English-language tests each university will accept and if you need to provide one.

- 25** Mark section as complete.

- 26** Continue with the rest of your application, including providing any details of employment and your personal statement and references.

CONGRATULATIONS! YOU ARE NOW ON YOUR WAY TO STUDYING IN THE UK.

Note: Non-EU International students can usually apply to UCAS at any time between 1st September and 30th June in the year preceding the academic year that studies commence. Most students apply well before the deadline to make sure that places are still available on their desired courses. Applications received after 18:00 (UK time) on 30th June will be automatically entered into Clearing.

- 12** **INPUT THE DATES**
of when you started at your school and when you finished

- 13** **PICK 'FULL-TIME'**
in the type of study option

- 14** 'Do you, or will you, have any qualifications from this centre?' Select 'Yes'

- 15** **SAVE**

- 16** **CLICK 'ADD QUALIFICATION'.**
It is advisable to have your transcript(s) next to you so you can copy the information for each module as required.

- 17** **GO TO THE 'SEARCH BY NAME' BAR.**
If you are studying the NCC Education Level 3 International Foundation Diploma for Higher Education Studies (L3IFDHES), select 'International qualifications' and search for 'NCC'. If you cannot see the qualification in the results, you may need to de-select the 'filter by' option by clicking 'Qualifications in [name of country]'.

*Level 3 International Foundation Diploma for Higher Education Studies

“

NCC Education’s Level 3 International Foundation Diploma for Higher Education Studies was very important as it taught me all the key basic skills in Communication, English and Maths.

At the same time I found it challenging as I learnt how to speak academically. My favourite subject was English for Academic purposes - this unit helped me improve my grammar and helped me to express myself when delivering speeches.

The L3IFDHES gave me an excellent foundation for my further studies in Accounting.

”

Dilfuza Fayzaliyeva

Dilfuza completed NCC Education’s Level 3 International Foundation Diploma for Higher Education Studies and has progressed to study with the Association of Chartered Certified Accountants (ACCA) in Uzbekistan.

Why did I choose NCC Education? Firstly, I chose the NCC Education Level 3 International Foundation Diploma for Higher Education Studies because all the courses are taught in English.

Secondly, I live in a French-speaking country, so learning in English has helped me adopt a bilingual study approach and get ready to be marketable in the work place. The fact that the programme is an international diploma is the most important thing for me!

Ismail Sylla

Ismail completed NCC Education's Level 3 International Foundation Diploma for Higher Education Studies. He has progressed to the NCC Education Level 4 Diploma in Business.

Feriel Allad

I already had a good level of English to start with, however I had never experienced studying Physics and Maths in English or doing assignments.

I'll be needing these skills in university so studying them and bettering my English was really helpful.

I would absolutely without a doubt recommend the L3IFDHES programme to other students.

”

Feriel completed NCC Education's Level 3 International Foundation Diploma for Higher Education Studies and has progressed to study BA (Hons) Architecture at Bath Spa University, UK.

"I have engaged in both internal and external **research opportunities** throughout my time at Carroll. I have worked on multiple research **projects with biology faculty**. Additionally, I have also **interned at various external research institutions**, including the Medical College of Wisconsin and the Harvard University Stem Cell Institute. From my experience conducting research studies off-campus, I learned that despite coming from a small liberal arts college, **I have been sufficiently prepared to carry out a well-designed research project and produce reliable findings like those from prestigious universities**. Thanks to the **International Scholarship** I have received from Carroll every year, I can **engage in this unique and amazing college experience**."

The Business and Economics electives in the NCC Education L3IFDHES programme were very helpful for my university preparation. When I was interviewed by the university, they asked about my familiarity with business concepts like SWOT, PESTLE analysis etc. Since I had learned about these, I was able to answer their questions easily.

I am extremely proud to be a holder of the L3IFDHES qualification, and I genuinely have no regrets about choosing this programme!

Issa Bamouni

NCC Education's L3IFDHES helped me to improve my English language skills through being in an English-speaking environment. This helped me to be more flexible when speaking!

It also helped me to know how companies work in terms of accounting, finance and marketing.

”

Issa completed NCC Education's Level 3 International Foundation Diploma for Higher Education Studies. He has now progressed to the NCC Education Level 4 Diploma in Business.

I got an overall “Distinction” in my NCC Education Level 3 International Foundation Diploma for Higher Education Studies and was enrolled by my dream university, Curtin Singapore!

The well-structured syllabuses and the whole academic team helped me to acquire the knowledge and skills necessary for university studies.

This remarkable journey also helped me to realise that a temporary setback in any process can be good because it fuels your passion to keep moving forwards!

The subjects within the L3IFDHES prepare students well for their future studies, in particular the assignments helped me to improve my understanding.

I found my teachers to be professional, skilled and have excellent knowledge in teaching this course.

Alina Marzook

L3IFDHES prepared me well for my university-level studies.

The assignments and exams were a good simulation of what students face in higher education and our lecturers brought a lot of industry experience to the classroom, making learning feel practical and relevant.

One of my favourite parts of the L3IFDHES was the focus on independent learning. I feel more self-reliant and prepared for my degree!

Alina completed NCC Education's Level 3 International Foundation Diploma for Higher Education Studies. She has now progressed to a BSc (Hons) Biotechnology at Edge Hill University, UK.

Thanks to NCC Education's L3IFDHES, I can apply a lot of what was covered in class about communicating and meeting people from different nations. Because of how many presentations we used to give, I believe that the L3IFDHES will also help me get ready for university.

I wholeheartedly recommend NCC's L3IFDHES programme!

The NCC curriculum was very global, making me feel prepared to study alongside international students in my degree programme. I loved the practical, project-based approach. We were encouraged to work on real-world problems, which made classes interesting and engaging.

The course helped me gain confidence in my academic abilities and I have carried this forwards to my university studies!

“

This foundation fitted my needs because it offers flexible scheduling and the syllabus focuses on relevant courses and subjects.

The materials were easy to follow and suitable for any students that are trying to enter higher tertiary education.

”

Bazilah Hamdan

Bazilah completed NCC Education's Level 3 International Foundation Diploma for Higher Education Studies. She is currently studying Bachelor of Business Administration at Unitar International University, Malaysia

“

NCC Education's Level 3 International Foundation Diploma for Higher Education Studies helped me to develop strong critical thinking skills as well as language skills which are beneficial for me to succeed at university. It allowed me to make new friends, be involved in group work and achieved my L3IFDHES overall score of Distinction.

I would like to say if you are looking for a chance to study abroad, the L3IFDHES programme is a better choice for Chinese students.

”

Lixiang Dong

After completing the NCC Education Level 3 Diploma for Higher Education Studies, Lixiang Dong was accepted to study Bachelor of Business at The University of New South Wales, Australia.

“

The assignment for the Business unit was interesting as it required me to do research as if I wanted to open my own company. This helped me understand the different aspects required for an entrepreneur to start up a new business.

The English-language units also helped me to successfully pass my IELTS exam as well as understanding the correct way to write assignments.

I would recommend L3IFDHES to other students because it can lead to progression to a lot of universities in the UK and Australia, including the Russell Group and Group of 8.

”

Portia Celina Pola

Portia completed NCC Education's Level 3 International Foundation Diploma for Higher Education Studies and received a L3IFDHES High Achiever Award 2023.

“

The NCC Education Level 3 International Foundation Diploma for Higher Education Studies (L3IFDHES) is a very reliable British diploma.

My favourite thing about this qualification is that I can apply to universities in over 20 countries.

Now that I have completed the L3IFDHES, I have gained more confidence in my future success in life.

“

The L3IFDHES was very well structured, laying out clear steps toward achieving my educational goals, which kept me focused.

I liked that we could choose to study a range of subjects - in my case Computing and Business - as this gave me a well-rounded perspective before I specialised in my degree.

Sahil Abbas Mehdi

I liked the fact that the studies within the L3IFDHES programme were all fundamental subjects that are necessary for everyone to know and learn.

The diploma taught me how to write articles and reports, how to attempt questions and how to carry out properly conducted research.

Sahil Abbas completed NCC Education's Level 3 International Foundation Diploma for Higher Education Studies. He progressed to the NCC Education Level 4 Diploma in Computing (with Business Management).

“

The L3IFDHES programme is well-rounded, offering not just academic learning but also helping develop critical thinking and problem-solving abilities.

The course developed my research, analytical, and academic writing skills, which are essential for university-level studies. The coursework was structured similarly to how universities operate, so I became familiar with academic expectations. It also taught me time management and independent study techniques, both of which are crucial for success at university.

I got a lot of experience from the L3IFDHES. My favourite subjects were English for Academic Purposes, Foundation Mathematics and Culture Studies.

I would recommend the L3IFDHES programme to other students as it gave me the help I needed to progress to my higher education studies!

Hsinghao Wang

Prior to studying NCC Education's Level 3 International Diploma For Higher Education Studies (L3IFDHES) I had a long-term academic struggle with traditional classes.

However with L3IFDHES we were encouraged to develop our own thoughts and opinions through group work and class discussions. I got involved as much as possible and enjoyed the confidence I gained from my studies.

The best thing my L3IFDHES journey has given me is a new academic route to master my future. Completing the L3IFDHES has opened up so many academic opportunities for me.

After completing the NCC Education Level 3 Diploma for Higher Education Studies, Hsinghao Wang was accepted to study Bachelor of Commerce at The University of Queensland, Australia.

My main goal is to complete my higher education and start working full-time with recognised qualifications for my foundation and degree.

NCC Education had the exact course I was looking for, which is why I had no second thoughts about choosing the L3IFDHES for my foundation course.

I completed NCC Education for my foundation and have just started my degree provided by the University of Central Lancashire!

This has worked perfectly because of the similar material, case studies and learning methods.

The L3IFDHES taught me how to write assignments professionally and the presentations really boosted my confidence to speak and communicate with an audience.

I recommend this diploma because it not only prepares you for university but also helps you to overcome your weaknesses for a better future.

Yingdong Fan

I still remembered the first day of my 11th grade: I walked into my new classroom, followed by my new classmates. At that time I didn't know what my next chapter would be, not to mention that I would be receiving offers from 10 world-leading universities!

My L3IFDHES lecturers promoted critical discussions about real business industry issues and applied them to our class. The course gave me the opportunity to devote myself entirely to the business world and encouraged me to be selective about what I really want to become good at.

After completing the NCC Education Level 3 Diploma for Higher Education Studies, Yingdong Fan was accepted to study BSc (Hons) International Management at the University of Nottingham, UK.

“

What I liked most about the L3IFDHES is that it focuses on critical thinking, research and writing skills essential for higher education.

The resources and support available foster a positive learning experience, helping students build confidence.

Moreover, students can choose from various study modes, part-time and full-time options, making education more accessible.

A special quality about the L3IFDHES is that it includes units in Study Skills and English for Academic Purposes. These units feature elements which are not included in A-levels, but are invaluable throughout our student career.

Study Skills includes note-taking skills, academic essay writing, reading techniques and revision strategy, while English for Academic Purposes is a subject which has been most beneficial to me, by improving my academic writing skills. The quality of teaching is outstanding, and I would highly recommend anyone to consider L3IFDHES.

Shoan Watts

The NCC Education L3IFDHES offers a comprehensive foundation, an international perspective, flexible learning options and career advancement. Overall, it's a great option for those seeking to bridge the gap between secondary education and university study!

The programme provides essential academic and language skills, making it easier to transition into undergraduate studies. It's also recognised by many universities worldwide for direct entry, opening up various opportunities for higher education.

Shoan completed NCC Education's Level 3 International Foundation Diploma for Higher Education Studies. He has progressed to the NCC Education Level 4 Diploma in Computing (with Business Management).

I truly appreciated the flexibility offered by NCC Education’s programmes, enabling me to balance my studies with other commitments while still receiving a top-notch education. Additionally, the supportive learning environment fostered by both tutors and peers was invaluable.

The well-structured curriculum, relevance to current industry trends, and the emphasis on practical application make these diplomas a valuable stepping stone for aspiring business professionals.

“

What I enjoyed most about both my L4DB and L5DB is the depth of the topics covered and how they allowed me to develop my critical skills.

I particularly liked the research projects that enabled me to deepen my knowledge on various subjects; this enriched my learning experience and helped me see things from different perspectives.

Now that I have completed my degree, I plan to embark on a career as a flight attendant with Air Côte d'Ivoire. I am excited to pursue this dream that I have cherished since my childhood.

NCC Education's business courses opened up possibilities for me to know more about how the real business world works, how to do business analysis and how to use the tools to make a smart decision.

My journey with NCC Education began from the L3IFDHES qualification and I'm glad to have the opportunity to approach my diplomas step by step with such a fantastic higher educational institute.

Saw Min Khant Tun

It has been 6 months since I have joined my local accredited partner centre and I have learnt a lot, not in academically but in all other aspects of career development. All teachers and Student Affairs Team members have been supportive throughout.

I strongly believe that NCC Education degree pathway programmes are very valuable for my future journey!

Saw Min Khant Tun completed the NCC Education Level 4 Diploma in Computing and is pursuing NCC Education's Computing degree pathway.

I appreciated the structure of the UCLan BCIS and the way it built on the knowledge I had gained in my previous studies with NCC Education. The modules were well-designed and relevant to the real world and the assignments helped me develop practical skills. I also enjoyed the opportunity to work on research projects that aligned with my interests in financial technology.

I would summarise my experience with NCC Education and UCLan as challenging, enriching and rewarding.

HOW DOES IT WORK?

Students complete NCC Education's 120-credit Level 7 Diploma in Business Management (L7DBM) with their local Accredited Partner Centre (a range of face-to-face, blended and online delivery options are available).

This can be topped up to a full Master's in Business Administration by completing an online 60-credit MBA top-up with Cardiff Metropolitan.

Cardiff Metropolitan University's MBA Advanced Entry Programme consists of a Research Methods module (20 credits) and a Dissertation (40 credits) on a topic of your choice.

On successful completion of the course, students receive a Cardiff Metropolitan University certificate in 'Master of Business Administration' as well as a transcript and HEAR (Higher Education Achievement Report).

Graduates are also invited to attend the graduation ceremony based in Cardiff.

The Level 7 Diploma in Business Management was enlightening, providing me with a comprehensive understanding of business management and organisation. The programme was well-structured and offered me profound insights into market trends and future development which I can apply to my daily work operations. The research I conducted for my L7DBM allowed me to explore and analyse various facets of my organisation and other companies, which were incorporated into my assignments.

Hussain completed NCC Education's NCC Level 7 Diploma in Business Management. He has progressed to the MBA Advanced Entry top-up degree with Cardiff Metropolitan University, UK.
